The OU Concert Band will present a concert of light band music on Jan. 18 at 10:30 a.m. in the Student Center Ballroom. Classes will not be dismissed, but Mr. Malik encourages as many people that are free at 10:30 to attend and "relax before exams."

Several of the band members will be featured in solos. In one number the band members whistle and sing; in another the lower brass is featured; in another, the trombone section.

Band selections will include "Pavanne," "An Original Suite for Military Band," "Everything's Coming Up Roses," "Yankee Doodle" and "On the Mall."

Geography Professor Schilz Appointed to Ethiopian Post

Schilz... to Ethiopia

The recent Ethiopian crises held special interest for one OU instructor. Dr. Gordon Schilz recently received a two-year appointment to Ethiopia at the request of the State Department.

Dr. Schilz, geography department head, is optimistic about the trip in view of the recent

crisis, however. He spent over four years in Ethiopia previously.

"Halle Salassie," said Dr. Schilz, "is a very capable king and will undoubtedly have everything well under control by the time I get there."

He believes the revolt was not a peoples' rebellion, but one conducted at the higher levels in the government and supported by college students.

"The Emperor, even though a monarch, is very progressive," he continued. "But some high ranking people (some of them educated in the West) were dissatisfied with the rate of progress in their country and decided to attempt to speed things up."

Dr. Schilz will be Director of the Mapping and Geographical Institute for the Ethiopian government. His work will be varied, including mapping and surveys. He may direct the first census.

Dr. Schilz, who has written two geography books for Ethiopian primary schools, is now planning a high school or college text.

His wife Marie and daughter Kathleen, twelve, will accompany him on the trip.

Days of Reckoning Dawn Darkly Ahead

By Ken Zimmerman

Thanksgiving came and went, the two weeks at Christmas somehow slipped by and here you are—finals week and you still haven't finished that term paper.

"How can it be?" you ask. "This was the year when I was going to have it all wrapped up, well in advance."

Sure you were. So was I.

But alas, the ways of our society haven't changed and library space is now at a premium. Some text books are being cracked for the first time and stock in the No-Doz corporation has risen three points.

Blood, Sweat and Tears

Finals week is truly an interesting phenomena. Usually jovial, carefree, students suddenly assume a grave disposition. They appear (and most certainly believe) to have the weight of the world on their overburdened shoulders.

It is a time of crisis.

But for the instructors it is the complete reverse. They romp about the campus wearing smug grins, enjoying free cups of coffee from the borderline students and are, generally, drunk with power.

Their job is essentially done—they're coasting now. They relax, catch up on their reading, take in a show—and are responsible for some of the greatest worries in the world!

Tables Turned

For this period, twice a year, they rise to positions of unlimited authority. In them is vested the key to survival, the future of the world and the determination of academic life of death, so to speak.

From the peak of Mount Olympus they gaze down upon their frenzied charges who once sat complacently doodling in the backs of their notebooks.

"Now comes the moment of truth," declare the assembled sages. "Now ye shall reap what ye have sown."

But it all shall pass (whether you will or not is another matter) and normalcy shall return. Coffee nerves will subside and night will again bring sleep.

Hope Springs Eternal

The darkened mead halls (not excluding the Forty-niner) will burst forth with renewed life and the Kingston Trio will strike up another tune.

There will be a week of revelry, strength rebuilding and hair letting-down. The point of anxiety will shift from the instructor to the mail man.

But, because the dye has been cast and all determinants recorded, futility eliminates most of the sweating and students leave the matter in the hands of fate.

They look back to the week of blood-letting with a joke, a sigh of relief and a touch of nausea.

"It's done, it's done, it's done—oh thank God, it's done!"

Notes Helpful

But unfortunately, dear colleagues in toil, it's not done yet. The ordeal lies ahead, staring us bluntly in the face.

We must appeal to the wisdom of the ages, divine guidance and the notes on our shirt-cuffs.

Be always aware of the Persian poet who proclaimed that "A hair perhaps divides the false and true . . ." Actually, it's about a quarter of an inch on those IBM answer sheets but the idea is the same.

And most of all, adhere to the philosophy of the great Alfred E. Newman who defied the world with: "What, me worry?"

The 1954 Indian football team compiled a 10-0 record including a 7-6 win over Eastern Kentucky in the Tangerine Bowl.

OU Frosh Returns to States After Snowless Five Years

By Frances Stoney

No snow for five years!

Is this a prediction?

No. This actually happened in the life of Omaha University freshman Catherine Platt.

How?

Cathy's father is an Air Force Warrant Officer, and her family spent the last five years in Guam. The temperature there ranges from 75 degrees to 87 degrees in the winter.

It is not surprising when the brown-eyed, brown-haired girl says that her favorite hobby is swimming. She says that she also enjoys horseback riding and eating. She added: "Anyone in the Student Center will vouch for the fact, that I enjoy watching television."

On Guam, she lived in Agana, the capital city, for nine months. The remainder of the time she was a resident of Andersen Air Force Base.

Cathy attended the only public school on the 32-milelong island. There are approximately 75,000 inhabitants of the island. Of the 600 senior high school students that attended the public school, 200 were not Guamanians.

She said that even though few Guamanians spoke English well, the classes were conducted in English. Most of the teachers were from the United States.

During her last year, she attended a newly-built senior high school. She was on their honor roll the last three years, and a member of the honor patrol, the school police force.

Most of the food came from the

United States, but she ate papayas and coconuts grown on Guam. Cathy said: "It didn't take long to find out that I was allergic to mangos, the bread fruit, but I wasn't unhappy about that because I wasn't at all fond of them."

She also lived in Japan 2½ years.

present history major in the college of education, Cathy plans to teach high school history.

Clark Takes Time 'Out Front' in N.Y.

For nine days in New York, Dr. Edwin Clark spent his time "out front" at 12 productions instead of working behind the scenes.

Dr. Clark, head of University Theater, makes the trip annually at Christmas time.

This year he witnessed what Broadway-ites called another "Miracle on Forty-fourth Street." This play, "All the Way Home," was saved from a seemingly certain early death by a sudden demand for tickets.

Dr. Clark considered this one of the highlights of his stay in New York.

He also saw Jane Fonda in "Invitation to a March" and her father, Henry Fonda, in "Critic's Choice."

In 13 years as baseball coach Virgil Yelkin has established a remarkable .739 percentage with a 133-45-3 mark.

Nursing Student Reveals Opinion On Being 'Probe'

By Jim Peterson

Every year, student nurses from hospitals throughout Omaha attend classes at Omaha University as part of their first year of instruction.

Representative of this year's group of young women is pretty, vivacious Sharon Andreasen, 18, of Oakland, Nebr. She is a first-year student, or "probe," at Nebraska Methodist Hospital.

The nickname "probe," Sharon admits, is not a very glamorous title, but most of the new students bear it in good humor until the capping ceremony, which takes place about midway through the first year of training.

Sharon is a striking, blue-eyed blonde who was born and raised in Oakland. She was graduated with honors from Oakland High School in the spring of 1960.

Sharon's intention is to complete the three-year nursing course and become a Registered Nurse. "If I can make it," she adds modestly.

When asked about her likes and dislikes, Sharon hesitated a second. "I like the contact with the patients, working with people," she began, "the dorm life is fun, too. And of course the knowledge gained . . ."

"Nurses' training," she explains, "is excellent training for a future homemaker. Also it gives security financially if I would ever have to fall back on it. It really inspires confidence, both in myself and in the future."

Committee to Give Fair Study

Any students fearing that some "haphazard" decision is going to wipe out intercollegiate athletics or activities might as well relax.

The OU Student Activities Committee, appointed by President Bail to study the activities program, got off to a well-organized beginning Tuesday with the meeting of the executive committee.

An agenda was set up designating two-hour meetings for every type of activity: intercollegiate sports, intramurals, major sports, speech, drama, music and student publications.

According to Committee head, Col. Anson Marston, each topic will be discussed fully and will include a report made by its director. No rash decisions will be made on the spot; and the final report will be written by a smaller body of committee members who have heard "the entire story."

Those who attend sporadically will have no part in the decisions, Col. Marston has inferred.

This should insure OU students that a very adequate, conclusive study will be made, since every precaution will be undertaken to see that facts are properly weighed.

In addition to this, meetings will be tape recorded and are open to interested parties. Thus, if students need double insurance of a fair study, they can attend.

CIC Champs Meet Indians Tomorrow

Omaha University's winless basketball squad returns home for the first time since December 16 to tangle with defending Central Intercollegiate Conference Champion Pittsburg State tomorrow night.

The Gorillas were beaten only once in conference play last season compiling a 9-1 record. Their lone setback came at the hands of Emporia State 74-44. Pitt finished with a 20-3 overall mark.

This season Pittsburg owns a 61-57 decision over the Emporians.

Benedict's Tuesday

St. Benedict's then moves into town Tuesday. The Ravens finished fourth in the CIC last season with a 5-5 mark.

They have four returning lettermen in John Ritter, Don Lister, Tom Burke and Phil Noser.

Ritter, 6-3½, averaged 17.2 points a game last season and was an all-CIC first team selection. He led all scorers in the conference with an 18.9 average.

Listar, 6-6 center, was a second team CIC choice last season and led the conference in field goals with 78.

Indians lose tenth

The Tribe dropped their third straight CIC contest and their tenth of the season, 88-58, to Emporia State last Friday.

Emporia's Jim Fraley, CIC standout, hit 27 points. Veterans Joe Neuberger and Bruce Hunter led OU with 14 and 12 points.

The Indians trailed 41-22 at the half and were not in contention after the first few minutes.

Worst Beating

Creighton University broke a school scoring record and administered the Indians worst beating of the 60-61 campaign blasting the Indians 107-67 Monday night at the Civic Auditorium.

The Bluejay's previous high game was 105 points against Colorado State last season.

Wendell Wiksell, bright spot in the sluggish Indian attack, netted 27 points and Jerry Kamp-hius 11.

Wiksell, who didn't enter the contest until 12 minutes had been played, missed only seven of 17 field goal attempts. The former South High star cashed in on seven of eight free throws.

Wentworth lost

This reporter learned Wednesday that Junior forward Gary Wentworth had quit the Indian cagers after the Creighton game.

Wentworth, an early season starter and one of three returning veterans, labeled financial difficulties as his reason for quitting. He had compiled 44 points in 11 game played.

Creighton's freshmen stopped the Papooses's five-game winning streak, 64-49 in the preliminary to the Creighton-OU contest.

Wendell Wiksell led the Indian reserves with 10 points.

Frosh Bolster Track Outlook

A twenty man squad, half of them freshmen, reported for the initial practice of the indoor track team last Monday.

Three Meets

The indoor team will participate in three meets this season, the first being Feb. 3. The CIC championships will be held Feb. 24 and 25.

Freshmen out for the team include: James Foster, a state high school champion broad jumper; Steve Gidley, pole vault and hurdles; Tom Hopkins, middle distance and distance; Bob Jueckstock, middle distance; Roger Knight, hurdles; Don Kotrc, distance; Terry Maides, distance; Rodney Moore, half-mile; Gerald Richardson, pole vault and high jump; and Roger Sayers, top intercity sprinter.

Basketball Player

Dave Hagglund, twice state high school high jump champ, is now out for basketball but is expected out for track. Letterman Marvin Bratka, broad jump and high jump, and Bruce Hunter, broad jump, high jump and hurdles are also out for basketball now.

Others on the team are: Lloyd Cardwell, Jr., sprints; Roland Hyde, middle distance; Warren Lenz, weights; Dave Schneider, broad jump; and Gene Somer, distance.

Dennis Dunning, outstanding middle distance man, is expected to be a mainstay of the team again this season.

Two SEA Members Receive Scholarships

Two Dean Jay M. MacGregor Scholarships were awarded to two Student Education Association (SEA) members at their December meeting.

Recipients of the semester scholarships are seniors Madeline Chappell and Christine Nelson.

This is the first such scholarship to be given by SEA from their own treasury. Two will be given the second semester of each year to juniors and/or seniors, one in elementary education and one in secondary education.

Indians Host Kansas State

Russ Gorman's wrestlers will be out to capture their fifth and sixth wins as they go against Ft. Hays State tonight and Kansas State on Saturday night. Both are home matches.

The Kansas State match marks the first time since 1948 that Omaha University has entered into athletic competition with a Big Eight school.

All Seniors

Kansas State is traveling to Omaha with a squad made up entirely with seniors.

Coach Gorman said, "I think we have a good chance to beat Kansas State." He is centering his hopes on Louie Miloni who is undefeated in the 130-lb. class; Bob Tallman, who is undefeated in the 147-lb. class; Jim Howard, who is undefeated in the 157-lb. class and George Crenshaw, who is undefeated in the 167-lb. class. Heavyweight Arch Ferguson has suffered only one defeat; that was to Juan Mohr of Northwest Missouri in the Quadrangular on Dec. 17.

19 to 9 Win

Last week's match with Northwest Missouri resulted in a 19 to 9 win for the OU grapplers. The results: Louie Miloni pinned Ardel Brink, Jim Howard decisioned Ron Betts 5-3, Bob Tallman decisioned Dave Moore 9-7, George Crenshaw pinned Leland Anderson in 4:38, Arch Ferguson gained revenge over Mohr with a 7-4 decision. Mohr was previously undefeated in seven matches.

Reserves Wrestle

The reserve wrestling team will wrestle Dana College on Jan. 31 at 3:30 in the Fieldhouse.

The reserve team members are Larry Covalciuc in the 123-lb. class; Bill Servais, 130-lb. class; Charles Whitner, 137-lb. class; Tom Folkers, 147-lb. class; Ron Anglim, 157-lb. class; Wayne Backes, who was undefeated in high school competition in the 167-lb. class; Nick Chiburis, who has been sidelined by an injury recently, is in the 177-lb. class; and Gary Baughman is in the heavyweight class.

Omaha U Gets New Athletes

Omaha University can expect help from students who will be transferring here next semester.

The football squad will be bolstered by two more New Jersey recruits. They are Joe De Stafano of Patterson, N. J., and Neil Galloway of Mountain Lakes.

Galloway will transfer from Bates college of Lewisville, Me. He was an all-conference center two years ago and tips the scales at 220 lbs.

Highly Recommended

De Stafano weighs 200 lbs. and will come directly from Patterson High School. He will graduate this month. De Stafano has had experience at both guard and fullback and comes highly recommended by coaches in the area.

Coach Al Caniglia says both should help the squad next fall, when they become eligible.

Coach Russ Gorman's already-strong wrestling squad will also receive help from transferees. The boys will not be eligible for varsity competition until next season.

Doane heads list

Doane heads the list of contributory schools with three wrestlers; Randy Curnow, Paul Linias and Larry Schneider. Daye Cook and Paul Gorman are planning to transfer from Nebraska U.

Others are Ed Champion, Leonard West and Cliff Jackson.

Gorman feels that this is the best squad he has coached and that prospects for the future are good.

Be perspicacious!

Not this: a student who studies drowsily no matter how much sleep he gets.

This! Perspicacious... sharp! NoDoz keeps you awake and alert—safely!

If you find studying sometimes soporific (and who doesn't?) the word to remember is NoDoz. NoDoz alerts you with a safe and accurate amount of caffeine—the same refreshing stimulant in coffee and tea. Yet non-habit-forming NoDoz is faster, handier, more reliable. So to keep perspicacious during study and exams—and while driving, too—always keep NoDoz in proximity.

The safe stay awake tablet—available everywhere. Another fine product of Grove Laboratories.
